

**Discover the advantages of becoming an SCR distributor**

At SCR Air we do things differently. Just how much business does your current compressor supplier offer you? Discover why SCR Air are the UK's fastest growing compressor supply company.

Access to oil free Class 0 screw compressors with GHH Rand Airend	Does your current compressor supplier limit your sales growth and service opportunities? Do they keep oil free sales and service to themselves? Not at SCR Air
Do you struggle to compete with budget brands?	SCR compressors do not sacrifice quality for price. We can supply a higher quality compressor than many of your competitors for a price that suits you and your customer
Do you make low margins on compressor sales in a competitive situation?	Our pricing structure is in favour of the distributor not the supplier. Maximise your margins when supplying an SCR compressor and still be competitive
Direct access to dedicated SCR technical support and backup	UK Based SCR engineers to help support and train distributors, along with comprehensive critical spares and consumables
Sales, installation and service work referrals direct from SCR Air Ltd	As we also sell machines directly throughout the UK, we will refer sales opportunities, installation work and service contracts to SCR distributors
Are you tired of losing service contracts to competitors?	SCR Air are the only UK supplier of genuine SCR parts and consumables and we have a tight network of distributors. We don't just supply parts to anyone.
Do you ever need a compressor quickly in a breakdown situation?	Comprehensive UK stock of fixed speed screw compressors, Variable Speed compressors and compressors with integral fridge dryers ready for immediate dispatch
5 Year extended warranty option	SCR Air can provide an extended parts warranty for a one off cost at the machines point of sale
